Action: Resolution for ANC Consideration Supporting Bill 22-0223

Background: Bill 22-0223, for which there will be a hearing in late November or early December (specific date to be set), proposes the formation of a working group lead by the Department of Public Works which has two objectives: (1) identify, with the assistance of ANCs, BIDs, and community organizations, sites that are suitable for installing clean, safe public restrooms that are open 24/7 to everyone; (2) identify private facilities that are willing, with an incentive, to make their restrooms open to the public following a successful initiative adopted by several London Burroughs.
